

C107 DEMO OF THE LABORATORY ACCREDITATION AWARENESS AND AUDITOR TRAINING PRESENTATION KIT **Price 270 USD**

Many companies globally had used our laboratory accreditation training kit to provide awareness on ISO/IEC 17025 System in their laboratories and provide in house auditor training by using our kit

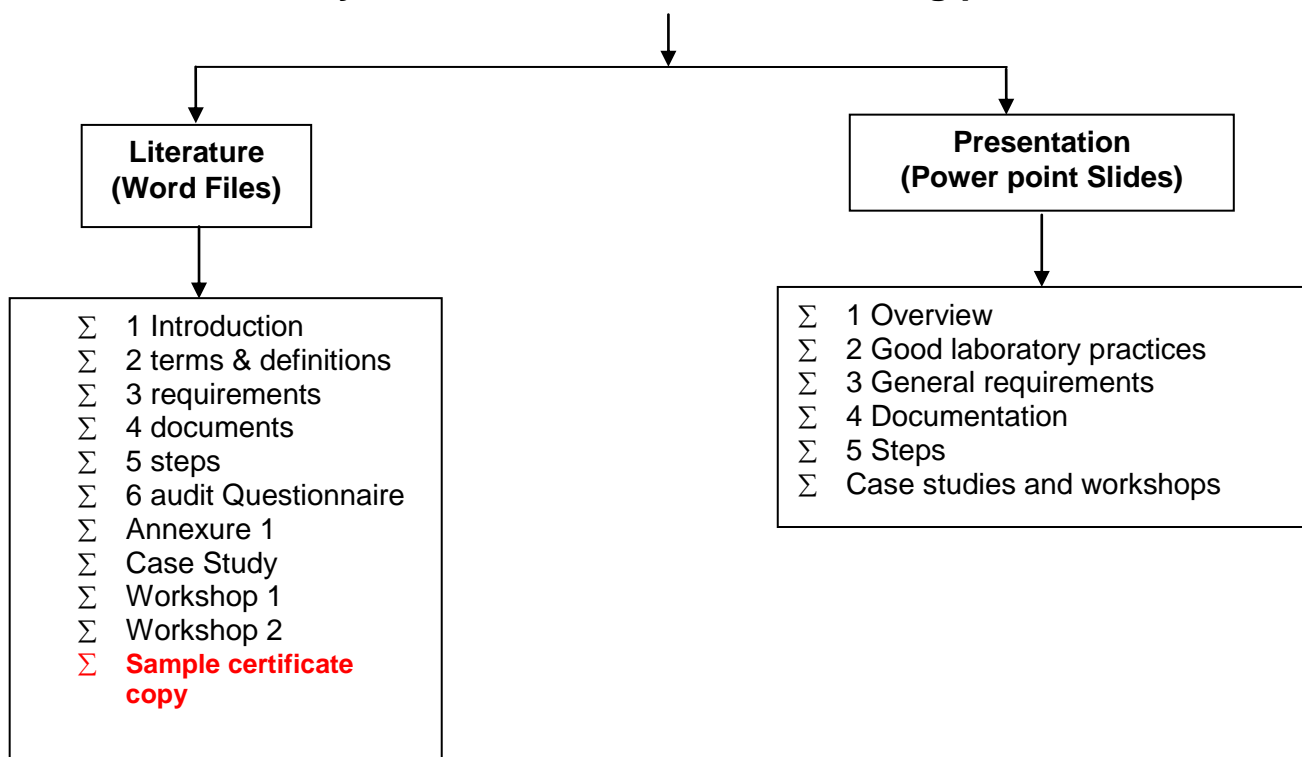

Buy: <http://www.certificationconsultancy.com/laboratory-accreditation-auditor-training-ppt-presentation.htm>

CHAPTER-1.0 CONTENTS OF LABORATORY ACCREDITATION AWARENESS AND AUDITOR TRAINING PRESENTATION

No of Slides: 289

A. The entire presentation kit has 2 main directories as below.

Laboratory accreditation awareness training presentation kit

Total More than 275 Slides and sample certified auditor certificate

C107 DEMO OF THE LABORATORY ACCREDITATION AWARENESS AND AUDITOR TRAINING PRESENTATION KIT **Price 270 USD**

Many companies globally had used our laboratory accreditation training kit to provide awareness on ISO/IEC 17025 System in their laboratories and provide in house auditor training by using our kit

Buy: <http://www.certificationconsultancy.com/laboratory-accreditation-auditor-training-ppt-presentation.htm>

Part 1:- Topic wise number of slides:

Sr. No.	Title of Slides	No of Slide
1.	Overview	23.
2.	Requirements	
	A. Laboratory accreditation requirements in details 4 – Management Requirement	33.
	B. Laboratory accreditation requirements in details 5 – Technical Requirement	44.
	C. Clause Title	06.
3.	Documentation	19.
4.	Internal Quality Audit	33.
5.	Steps for laboratory accreditation Installation	11.
6.	Quality Engineering Terminology	29.
7.	QC Tools and Deming's Rule	18.
8.	Method Validation	11.
9.	Calibration and Traceability for laboratory Accreditation	21.
10.	Measurement Uncertainty	35.

Part – 2 Workshops

Sr No.	Title of Slides	No of Slide
1.	Workshop - 1	03.
2.	Workshop - 2	03.
Total No. of Slides		289

Part: A Presentation: -

Under this directory further files are made in power point presentation as per the chapter listed below.

- Topic wise Power Point presentation in 5 modules as listed below.

C107 DEMO OF THE LABORATORY ACCREDITATION AWARENESS AND AUDITOR TRAINING PRESENTATION KIT **Price 270 USD**

Many companies globally had used our laboratory accreditation training kit to provide awareness on ISO/IEC 17025 System in their laboratories and provide in house auditor training by using our kit

Buy: <http://www.certificationconsultancy.com/laboratory-accreditation-auditor-training-ppt-presentation.htm>

1. About the Standard of laboratory accreditation

It covers Laboratory Accreditation Standard, Application, and Motivation - Requirements – Goals, Benefits, Implementation / Operating of Laboratory Testing, Supervision / Evaluation of Operations, Global Context / other laboratory accreditation Standards. It also includes benefits of standard and guidelines for laboratory accreditation standards. Also summary for laboratory accreditation standard.

2. Overview / Requirement of laboratory accreditation

It covers Overview, general requirements for the competence of testing and calibration laboratory, Genesis of an Information, Elements of laboratory accreditation standard, System Planning and Acceptance, Good Laboratory Policies, Access demonstration and Control, Procedures, Compliance Issues of Laboratory Accreditation Standard

3. Requirement of laboratory accreditation

It covers Laboratory Accreditation systems specifications, Requirements, Establishment, Implement and operate the Laboratory Management, Maintain and improve the testing and calibration laboratory, Documentation requirements, Control of documents, Records, Internal audits, Review output Corrective and Preventive action.

4. Documentation of laboratory accreditation

It covers what are Documentation, Need of Documentation, 4 TIER Documentation Structure, Contents of Manual and List of Records for Laboratory Accreditation systems.

5. Steps for Installation of laboratory accreditation

It covers Implementation Methodology, Steps for Installation, The top 10 non-conformances, Audit Process, What happens during a certification audit, External Audits (Corporation's View).

6. & 7. Quality Engineering Terminology, QC Tools and Deming's Rule

It covers Definitions for Quality Engineering, Q.C tools and details of Deming tools

8 To 10. Method validation, calibration and Uncertainty

It covers Implementation Methodology for test method validation, calibration and traceability requirements of standard and measurement of Uncertainty by calculating combined uncertainty.

This component comprises more than 250 foils, each pleasingly presented presentation designed to get the message over, and establish a much better understanding. It also describes how to tackle it and drills down into all these topics.

C107 DEMO OF THE LABORATORY ACCREDITATION AWARENESS AND AUDITOR TRAINING PRESENTATION KIT **Price 270 USD**

Many companies globally had used our laboratory accreditation training kit to provide awareness on ISO/IEC 17025 System in their laboratories and provide in house auditor training by using our kit

Buy: <http://www.certificationconsultancy.com/laboratory-accreditation-auditor-training-ppt-presentation.htm>

No voice is put in the presentation and user can edit it to suit his requirements in local languages.

Part: B Literature: -

This topic covers write up for the ready reference to the trainer for understanding and reading. A question bank of over 200 questions department wise (based on laboratory accreditation requirements), which can be customized to make your own internal audit checklist.

It is given in word. You may also use it for further reading and circulations within audience.

Chapter No.

SECTION

1. Overview of laboratory accreditation system (general requirements for the competence of testing and calibration laboratory) on Laboratory accreditation
2. Terms & Definition
3. Requirements
4. Documentation
5. Steps
6. Audit Questionnaires
7. Case Study
8. Annexure - 1
9. Workshops

Sample certified laboratory accreditation system internal auditor certificate copy

The sample copy of certified internal auditor is given in word edit form. So after successful completion of work shops and case study the training certificate can be given to the internal auditor by company

C107 DEMO OF THE LABORATORY ACCREDITATION AWARENESS AND AUDITOR TRAINING PRESENTATION KIT **Price 270 USD**

Many companies globally had used our laboratory accreditation training kit to provide awareness on ISO/IEC 17025 System in their laboratories and provide in house auditor training by using our kit

Buy: <http://www.certificationconsultancy.com/laboratory-accreditation-auditor-training-ppt-presentation.htm>

Part: C Audit Records: -

This includes sample audit forms to complete the audit successfully in the organization

1. Audit plan
2. Audit NCR
3. Requirement wise Audit checklist

Part: D Audit Questions: - (More than 300 questions)

This includes sample audit question checklist for ready questions and ensure good system implementation by internal auditors

Part: E Sample certified auditor certificate

Training certificate to be given after completion of training by using this training kit

C107 DEMO OF THE LABORATORY ACCREDITATION AWARENESS AND AUDITOR TRAINING PRESENTATION KIT **Price 270 USD**

Many companies globally had used our laboratory accreditation training kit to provide awareness on ISO/IEC 17025 System in their laboratories and provide in house auditor training by using our kit

Chapter-2.0 ABOUT COMPANY

Global manager group is a progressive company and promoted by a group of qualified engineers and management graduates having rich experience of 20 years in certification consultancy and management areas. The company serves the global customers through on-site and off-site modes of service delivery systems. We offer a full range of consulting services geared towards helping all types of organizations to achieve competitiveness, certifications and compliance to international standards and regulations. So far we had **more than 1200 clients in more than 45 countries. Our ready made training and editable document kit helps the client in making their documents easy and make them complying to related system standard faster.**

1. Our promoters and engineers have experience of **more than 1200 companies** globally for management training, system series consultancy. **We had clients in more than 45 countries.**
2. Highly qualified 40 team members (M.B.A., Degree engineers) and owner is having rich professional experience (since 1991).
3. We have 100% success rate for system series certification of our clients from reputed certifying body and branded image and leading name in the market.
4. Suggest continual improvement and cost reduction measures as well as highly informative training presentations and other products gives payback within 2 months against our cost.
5. So far more than 50000 employees are trained by us in system series certification.
6. We had spent more than 60000 man-days (170 man years) in preparing system documents and training slides.

Global Manager Group is committed for:

1. Personal involvement & commitment from first day
2. Optimum charges
3. Professional approach
4. Hard work and update the knowledge of team members
5. Strengthening clients by system establishment and providing best training materials in any areas of management to make their house in proper manner
6. To establish strong internal control with the help of system and use of the latest management techniques

C107 DEMO OF THE LABORATORY ACCREDITATION AWARENESS AND AUDITOR TRAINING PRESENTATION KIT **Price 270 USD**

Many companies globally had used our laboratory accreditation training kit to provide awareness on ISO/IEC 17025 System in their laboratories and provide in house auditor training by using our kit

Chapter-3.0 USER FUNCTION

3.1 Hardware and Software Requirements

A. Hardware: -

- Our presentation kit can be better performed with the help of P3 and above computers with a minimum 10 GB hard disk space.
- For better visual impact of the power point presentation you may keep the setting of colour image at high colour.

B. Software used in presentation kit

- Hand-outs written in word 98 and window 2000 and Presentation made in Power point programs You are therefore required to have office 2000 or above with word 98 and power point.

3.2 Features of Presentation kit: -

- It will save much time in typing and preparation of presentation alone.
- Written in Plain English
- Easily customized by you to add audio clips in the local language etc to prepare presentation for any other groups.
- Good guide for training of all the group members for laboratory accreditation awareness training implementation.
- User-friendly and easy to learn.
- Developed under the guidance of experienced experts.

C107 DEMO OF THE LABORATORY ACCREDITATION AWARENESS AND AUDITOR TRAINING PRESENTATION KIT **Price 270 USD**

What are the benefits to implements Laboratory Management System?

Implementation of proper Laboratory Management System as per requirement of laboratory accreditation standard improves quality observed in daily laboratory practices. With the technical requirement of laboratories get update to include the addition of formal personnel training plans and detailed records, method development and validation procedures, measurement of method uncertainty, and a defined equipment calibration and maintenance program. Laboratory accreditation system guidelines to laboratories provide a comprehensive model for quality management systems aimed at improving their ability to consistently produce valid results. Among the wide advantages of the laboratory management standard some of as follows:

- Provides additional information about the quality of each measurement made during the calibration process
- Implement measurement of method uncertainty
- Establish technical competency of the laboratory and reliability of results
- Eliminates the need for supplier auditing - calibration suppliers independently verified through the accreditation process
- Enables easy comparison of suppliers in different countries
- Improved level of motivation, co-operation, workmanship and quality awareness
- Provide guidelines and better control for maintenance of instruments, environment control, preservation of test records etc

LABORATORY ACCREDITATION

AWARNES and Auditor
training presentation

Product Code: C107

Price: 270 USD

www.globalmanagergroup.com

Laboratory accreditation scope

❖ The requirements are:

- The competence to carry out tests and or calibration and sampling.
- Applicable to all organization performing tests and or calibrations.
- To develop management system for quality, administrative and technical operations
- Applicable to all organisations

Objectives

The principles of good laboratory practice should be applied to all type of test laboratory having private or in house and in any manufacturing unit for testing

- To establish quality in testing and reliability
- To prevent risk
- To detect deviations
- To correct errors
- To improve efficiency

Message of implementing system in laboratories

Message in 5 lines for laboratories

- ➡ Say what you do
- ➡ Do what you say
- ➡ Record what you do
- ➡ Check the difference
- ➡ Act on the difference

Message in 1 line

Do right thing, first time, every time
to achieve consistent quality

Message in 1 line

Continual improvement is the way of life

Technical requirements

- ❖ **Following factors determine the correctness and reliability of tests and or calibrations :**
 - **Accommodation and environment conditions**
 - **Test and calibration methods and method validation**
 - **Equipment**
 - **Measurement traceability**
 - **Sampling**
 - **The handling of test and calibration Items**

Benefits of ISO 17025 system implementation

- Establish confidence of management and customers on your test results as well as test reports and increase customer trust as well as market share.
- It will give better image of company as a Quality producer in Global market.
- Provide hot tips on analysis of data as well as measure uncertainty and perfect record keeping.
- Provide guideline for doing testing and measurement in detail.
- Provide guidelines and better control for maintenance of instruments, environment control, preservation of test records etc.

Control of Nonconforming Testing and or Calibration Work

- The laboratory shall procedure for control of nonconforming testing and or calibration work which ensures that
- The responsibilities and authorities for management of non conforming work
- Significant evaluation of non conforming work
- Customer is notified and work is recalled
- The responsibilities for authorizing the resumption of work
- The follow up of corrective action procedure if required

Accommodation and environmental condition

- The above facilities should be facilitate correct performance of the test and or calibrations
- The technical requirement for accommodation and environmental condition shall be documented
- Environmental condition shall be monitored, controlled and recorded
- Following shall be considered Biological sterility, dust, electromagnetic disturbance, radiation, humidity, electrical supply, temperature and sound and vibration levels as appropriate

Equipment

- ❖ Use appropriate equipment
- ❖ Authorised personnel operate
- ❖ Instructions available
- ❖ Unique identification, inventory
- ❖ Equipment calibration
- ❖ Applies to outside equipment

CONNECTIVITY OF GOOD LABORATORY PRACTICES(GLP) AND CONFIRMATIVE ASSESSMENT AS PER QMS IS

System
+ Process
+ Facility
+ Personnel

= confidence

C107 DEMO OF THE LABORATORY ACCREDITATION AWARENESS AND AUDITOR TRAINING PRESENTATION KIT **Price 270 USD**

Many companies globally had used our laboratory accreditation training kit to provide awareness on ISO/IEC 17025 System in their laboratories and provide in house auditor training by using our kit

Buy: <http://www.certificationconsultancy.com/laboratory-accreditation-auditor-training-ppt-presentation.htm>

Chapter-4.0 BENEFITS OF USING OUR PRESENTATION KIT

- By using these slides, you can save a lot of your precious time while preparing the Laboratory Accreditation awareness training course materials for in-house training programs.
- To provide you with the Presentation Materials and hand-outs that you need for an effective presentation on Laboratory Accreditation awareness training, what it is, and what it requires
- Present the basics of Laboratory Accreditation awareness training to Management or other groups
- To deliver Laboratory Accreditation awareness training in a group, using a PowerPoint presentation
- Take care for all the section and sub sections of Laboratory Accreditation awareness training and give better understanding at all the levels during Laboratory Accreditation awareness training implementation and sharpen the awareness of Laboratory Accreditation awareness training requirements for all employees within organization.
- You will get better control in your system due to our proven system and training slides developed under the guidance of experts and globally proven consultants having rich experience of more than 20 years in certification consultancy.
- Our products are highly sold globally and used by many multinational companies and had provided total customer satisfaction as well as value for money
- In preparation of training kits; it is been verified and evaluated at various levels of our team and more than 2500 hours are spent in preparation of this system document kit
- Prepared by globally proven team of leading consultant. You can use our training kit to train your internal auditors by in-house training and develop team of internal auditors as well as certify them by using our training kit.
