B. Documented information package: -

Our document kit comprises sample documents required for ISO45001:2018 certification as listed below. All documents are in MS-Word format and you can edit it. You can do changes as per your company needs and within few days your entire documents with all necessary system requirements can be made ready. In the ISO 45001:2018, at few places, documented information are required. But for making better system, we have provided many templates from which a user can select to make own system with minor changes. Now, ISO45001:2018 standard is not requiring manual, procedures, etc. It requires 2 type of documented information as listed below.

1. Maintain documented information 9 Scope, OH&S Manual, process flow charts, Sop etc.)
2. Retain documented information (Forms - templates )

Under this directory, further files are made in the Word Document as per the details listed below which you can edit it. All the documents are related to manufacturing / process industry.

1. OH&S Manual (10 Chapters and 4 Annexure):
It covers sample copy of OH&S manual and clause-wise details on how ISO45001:2018 systems are implemented. It covers the context of organization, sample policy, objectives, scope, organizations structure as well as macro level each requirements from 4 to 10 of ISO45001:2018 on how it is implemented in the organization. It covers OH&S 45001:2018 documents for tier-1. It has total 10 chapters that cover company profile, amendment sheet, index, clause wise details as per ISO45001 for implementation. It covers sample copy of OH&S manual and clause-wise details on how ISO45001 systems are implemented.

Chapter-3.0 USER FUNCTION

3.1 Hardware and Software Requirements

A. Hardware:
- Our document kit can be better performed with the help of P3 and above computers with a minimum of 10 GB hard disk space.
- For better visual impact of the PowerPoint slides, you may keep the setting of colour image at high colour.

B. Software:
- Documents are written in MS-Office 2003 and Windows XP programs. You are, therefore, required to have MS-Office 2003 or above versions with Windows XP

3.2 Features of Documentation kit:
- The kit contains all necessary documents as listed above and complies with the requirements of system standards.
- The documents are written in easy to understand English language.
- It will save much time in typing and preparing your documents at your own.
- The kit is user-friendly to adopt and easy to learn.
- The kit content is developed under the guidance of experienced experts.
- The kit provides a model of the management system that is simple and free from excessive paperwork.
